

# Judge Introduction

Daníel Örn Hinriksson

## **Civil professional and other hobbies**

**besides dogs, if you wish to answer**

Hairdresser. Other hobbies are horses, fishing and nature

## **Your own breeds**

Chihuahua and poodle

## **Awards and merits in the dog world**

I have owned and bred several champions, Icelandic, International, Reykjavik Winner, Nordic Winners... Top winning smooth and long coat the year, best in show puppies and some placements in Best in Show.

## **Tell us something about your judging different breeds in other countries**

I have only been judging in Scandinavia, several times and I have enjoyed it. Every show is so well organized and great atmosphere. The quality is very similar in each breed, very nice quality.

## **Your experience in Chihuahuas**

I had me first chihuahua almost 17 years ago, a blue tri color long coated female, love of my life. With her all the interest for shows and breeding came. Things happened fast and the falling years I imported four chihuahuas, one from Finland, one from Italy and two from Sweden. Only the female from Finland I did use for breeding from this import. So I did have have few litters from these females but I haven't had a litter since 2007. I did import a miniature poodle from Italy in 2008, and from her came two litters.

## **Your Chihuahua judging, when and where?**

I have judged the breed in Iceland, Denmark, Sweden and Finland, last time in December 2017, the longcoat, probably Finnish Winner.

## **With what kind of feelings are you waiting for our speciality?**

I always look forward to judge the chihuahua, they are so different but so many can be of nice quality. There are many nice chihuahua in Finland, and overall I think there are serious breeders in Finland, doing their best they can, and are great at it. I have quite high expectations for your speciality 😊

## **Your regards to people attending our show**

Well behaved dog has more chance... and also very important, enjoy!
